

Shanghai American School
An International Community

Using the Schoology Mobile App

Schoology is our online learning management system. Schoology is designed to provide a consistent digital learning experience for all students at SAS and a single place for parents to locate academic information for children across all SAS divisions. Schoology provides a mobile app that you can download from the App Store on your device. If the App Store for your device does not include the Schoology mobile app, or if you are having trouble with the mobile app, you can also access Schoology by going to <https://saschina.schoology.com> (Students) or <http://app.schoology.com> (Parents) from your mobile web browser.

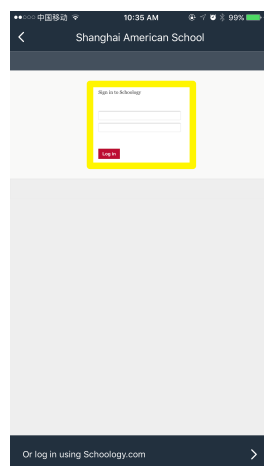

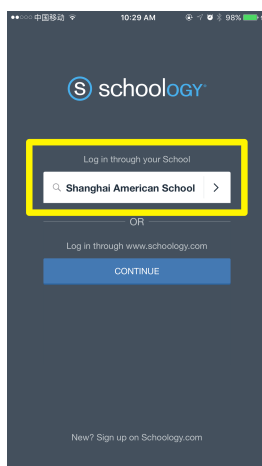

To log in to the Schoology app on your mobile device:

1. Open the Schoology app on your device.

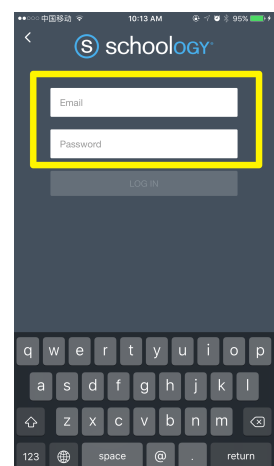

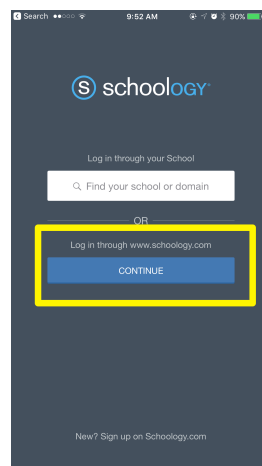

2. **Students** should select Shanghai American School under “Choose your school”, while **Parents** should click the blue “Continue” button to log in through www.schoology.com. Next enter your email and password on the next screen.

- Once you have logged in, you will see all of your updates. You can click the Options button in the upper left hand corner to change what you are seeing, and to see information specific to an individual child.

How to Get Help?

- Email: Tech@saschina.org
- Telephone: +86 (21) 6221-1445 ext. 3209
- Technology Support Hubs are located in the Secondary Libraries on both campuses
