

MIDDLE SCHOOL ACTIVITIES

DAYS	ACTIVITIES	SEASON ONE (August 27 - October 22)
M. T. Th. F.	CISSA Sports/Other	Soccer, Touch Rugby, Cross Country, and Swimming
M. T. Th. F.	Elf the Musical	Be a part of the SAS Musical! Sing, dance and act your heart out! (Some Saturdays practice may be needed)
M. T. Th. F.	FLL Robotics	Students will learn how to program an EV3 Robot, Create a Research Project about Space, and work as a team to compete in the FLL Robotics Competition throughout the year. Students MUST see Mrs. Boyer to sign up for this activity. We start August 23rd.
M. Th.	MS Dance	Dance is a great way for our kids to explore movement, musicality and expression. While the final dance on stage is the culminating product, it is the journey of creative collaboration, risk taking, perseverance, and commitment that we celebrate.
Th. F.	MS Yearbook Club	Building up Middle School memories
Monday	A.i.R. (Artist in Residence): Ceramics in Jingdezhen	This is for students accepted into the A/i/R/ Jingdezhen program! You will get to know each other and learn about porcelain clay, wheelthrowing, how clay behaves, Chinese porcelain history, Chinese language for the trip, and how all the different subjects integrate with art and ceramics!!! If we have spaces, we will allow students interested in going next year to attend the ASA to get a jump start on the trip next year!
	smART Design	Learn how to design things like a pro! Learn about all different kinds of design: architecture, jewelry, product, fashion, graphic, digital and more. Here you are able to use digital drawing tablets, clays, metalsmithing tools, glass working materials, specialty clays, beads, wire, and much more. This is a great opportunity to create art with tools and materials not normally used in the regular art classrooms! This is a two-season ASA, so make sure you are able to do both seasons (all semester 1 basically).
	Elf the Musical Production Crew	Want to share/build your artistic prowess? Meet us on Fridays to design, build and paint sets and staging for Elf the Musical.
Tuesday	Bulls, Bears & Being Money-Wise	Students will learn the fundamentals of the stock market & how to use their money wisely. Through videos, simulations, and an online market game, students will become familiar with some of the forces behind the ups and downs of the market and why one stock has more value than another. More importantly, students will gain a better understanding on how to save, spend, and donate the money they will eventually earn.
	Ceramics Club	Workshop for building upon fundamental skills (open to MS/HS/Teachers)
	MUN	Students will develop debate and public speaking skills, global awareness and empathy, and technical writing habits by interacting in Model United Nations. They will also be preparing for local and international MUN conferences.
Friday	Climbing	

DAYS	ACTIVITIES	SEASON TWO (October 29 - December 14)
M. T. Th. F.	CISSA Sports/Other	Table Tennis, Floor Hockey, and Swimming
M. T. Th. F.	FLL Robotics	Students who were chosen on the in school tournament team will continue to practice for the FLL Regional at Concordia on December 1st and practice for the Championship Tournament at SCIS on February 22-23rd.
Th. F.	MS Yearbook Club	Building up Middle School memories
